

Celebrating More than 30 Years of Support
and Education for Children and Adults Who Stutter
1977 – 2009

Special Opportunity For Children And Adults Who Stutter

National Stuttering Association Annual Conference

Westin Kierland Resort & Spa
July 8 – 12, 2009 • Scottsdale, Arizona

Imagine a place where people who stutter are accepted and supported...where you get answers from experts in stuttering treatment...and you meet people who are coping successfully with stuttering. That's the National Stuttering Association's annual conference, largest gathering in the world of people who stutter and the speech-language pathologists who work with them.

Youth Program

Three full days of activities will begin Thursday morning with a special Family Orientation Workshop and continue throughout the weekend. Festivities will include various workshops for the young and many special events for the entire family. Leading experts specializing in working with children who stutter will answer questions, parents will meet with other parents and the young will explore their stuttering in a fun and safe environment. Other activities will include pool parties, a youth roundtable discussion and special workshops. Fun for all!

Adult Workshops

There will be over 60 workshop series for adults, parents, youth and spouses/significant others starting on Thursday at 9:00am.

Continuing Education Units

SLPs can now earn more CEUs than ever for attending the entire conference. This year, we will be offering up to 1.3 CEUs for attending the conference, so you will be able to earn more CEUs than ever before. In addition, we will provide a CEU-specific seminar that will

highlight successful treatment strategies presented by a nationally recognized expert in stuttering therapy.

Scholarships Available

Need help getting to the conference this year? Due to the generosity of corporate sponsors and many of our members, scholarships are available to provide financial assistance for adults/families who would like to attend our annual conference. If you would like more information, email Tammy at tflores@WeStutter.org. Speech therapists are also asked to email us to help identify families who would benefit from this assistance.
